UCP BUSINESS MODEL

UCP operates as a relationship-driven government support ecosystem by identifying qualified partners, coordinating vendor relationships, supporting acquisition objectives, and managing structured service execution across SLED, education, prime, and federal environments.

CORE COMPETENCIES

- ✓ **SLED Relationship Development**
Connecting counties, municipalities, agencies, vendors, and strategic partners.
- ✓ **Vendor & Partner Coordination**
Managing communication, onboarding, and delivery alignment.
- ✓ **Contract Management Support**
Oversight, reporting, issue resolution, and accountability.
- ✓ **Technology-Enabled Operations**
Scalable workflows, dashboards, and operational visibility.

COMPANY OVERVIEW

United Contract Partners (UCP) helps state, local, education, federal, prime, vendor, and strategic partner organizations build meaningful relationships that support acquisition objectives and successful project delivery.

DELIVERY FOCUS

- County, city, municipal, state, and education support opportunities
- Federal agency and prime contractor relationship support
- Vendor sourcing, relationship development, and performance oversight
- IT, cybersecurity, staffing, administrative, and back-office support
- Prime contractor support and strategic teaming coordination

WHY UCP

- SLED-first approach to government acquisition and local partnerships
- Flexible support across SLED, federal, prime, and vendor ecosystems
- Structured oversight that reduces communication gaps
- Technology-enabled workflows, documentation, reporting, and accountability
- Built to scale from local opportunities to larger government programs
